Gap Analysis:

STRATEGIC ISSUE: Breast Cancer	
What past action has worked?	<ul style="list-style-type: none"> • Cancers at whole • U of I zipcodes • Awareness at Good Samartian Plans • Faith Community nurses targeting low income zipcodes

	<ul style="list-style-type: none"> • “Ticket for the Cure” education/screening (Komen) • 6,000 patients – OSF High-Risk genetic testing cancer IQ • Methodist- Hispanic/Black Mobile van • Rural
What past action HAS NOT worked?	<ul style="list-style-type: none"> • Early Screening Every Year • No funding for outreach; Mobile van- no response, 5 participants • 5 BC diagnosed, no mammogram- TCHD • Detection
What new realizations may support a strategy?	<ul style="list-style-type: none"> • Tumor Board • Black/Hispanic • School System • Data- Breastfeeding vs. no children; later in life • Survival • treatment
What are the opportunities of the community?	<ul style="list-style-type: none"> • Data
What Threats need to be addressed?	<ul style="list-style-type: none"> • Data

DIRECTIONS: Use this worksheet to brainstorm the current situation for each of the chosen strategic issues. This information will help you move forward in thinking about the goals and strategies to develop around each issue for Phase Five of MAPP. Think broadly about each issue when you are completing the worksheet. Add additional tables as needed.

STRATEGIC ISSUE: Lung Cancer	
What past action has worked?	<ul style="list-style-type: none"> • Home Inspection • 2013- Require for New Homes
What past action HAS NOT worked?	<ul style="list-style-type: none"> • TCHD/WCHD- Radon Testing • Awareness- Radon
What new realizations may support a strategy?	<ul style="list-style-type: none"> • EPA- Realty Association Lenders • Air Pollution- Data • Home Loan- Require
What are the strengths of the community around the strategic issues?	
What are the opportunities of the community?	<ul style="list-style-type: none"> • Policies • SFIA- Power
What threats will need to be addressed?	<ul style="list-style-type: none"> • SFIA- No enforcement • Vaping- young

- Hillary Aggertt presented the Health People 2020 objectives and the community guide examples. The homework of the committee is to go to each site and look at the objectives to determine what might be a measurable objective and look into strategies.
- Hillary stated she is looking for other key members that were not present that should be in attendance to review.
- The next meeting is scheduled on July 12, 2016.
