- III. Structure, Membership, and Meeting Schedule
- IV. Communicate
- V. Next Steps
 - a. MAPP Celebration and Kick-Off (Jan 17th or 19th)

MAPP Behavioral Health Steering Committee

DATE: 10/17/2016

TIME: 9am-11am

PRESENT: **Monica Hendrickson** (PCCHD), **Dean Steiner** (UnityPoint Health), **Joanie Montoya** (Advocate Health), **Mike Eeten** (Pekin Policy/Tazewell Teen Initiative), **Melissa Adamson** (PCCHD), **Nicole Pearl** (PCCHD), **Mike Wells** (OSF Healthcare/CHOI), **Nancy Hinnen** (HOI United Way), **Katie Johnston** (Peoria Police), **Cheree Johnson** (Advocate Health / Faith-based), **Marilyn Oertley** (OSF SFMC)

I. Welcome and Introduction:

Review of Steering Committee members including the sectors they represent: Public Health, Healthcare, Public Safety, Faith-based, Community, and School.

II. Mission and Vision for Steering Committee

The MAPP vision statement: *The tri-county region will be a thriving community that is inclusive, diverse, and sustainable to ensure health equity and opportunity for well-being for all.* Goal is to utilize the MAPP vision in moving forward along the identified strategy areas.

III. Structure, Membership, and Meeting Schedule

Structure of Steering Committee different than the three other priority health areas. This is to allow for all areas of focus work and address strategies. Example would include increase healthcare access and how it relates to school-based programming.

Steering Committee felt that the current membership was able to provide information and support along the strategies as well as be ambassadors to bring other external partners work. A possible additional area to consider was legislation/legal council to work on interpreting and understanding current and new bills.

Currently, the BH Steering Committee is "ahead" of the MAPP, and Boards of Health approval process. However, regardless of approval, work is being done

along these strategy areas. The Steering Committee is looking to meeting monthly, for two hours beginning in 2017. A survey to determine a set time will be emailed to committee members.

IV. Communication

In order to maintain communication and centralized access, a Dropbox file will be shared with Steering Committee Members. This will include reference documents, dashboards, and Meeting Agendas/Minutes.

V. Next Steps

Doodle Survey: Please respond to Doodle survey for best dates and times to set recurring Steering Committee meeting.

Dropbox: Everyone should be given access to Dropbox. If you are unable to access, please notify Monica Hendrickson.

Strategy Dashboards: Along final approval of the Implementation Plan is pending for November and December, the Steering Committee agreed to being working on collecting information related to the 7 Strategy Areas. Dashboards for each of the strategies have been created and available in Dropbox. Please begin inputting information to being the first step of resource/program auditing.

Next Meeting: MAPP Kick-Off: TBD (Jan 17th or 19th)
